

National Cycle Windshield Applications for the 2019-2022 Honda® CMX1100 Rebel

Maywood, IL – Now Honda® CMX1100 Rebel riders can flex their muscle and be more comfortable doing it.

National Cycle's world-famous Heavy Duty™ windshields need no introduction. The new KIT-CJS Mount Kit for the CMX1100 lets riders choose from three different Heavy Duty windshields, so there's a perfect size for every rider.

These windscreens are made from tough 4.0mm Quantum® hardcoated polycarbonate. This high quality material, along with state-of-the-art manufacturing techniques, provides outstanding clarity, impact strength and scratch resistance unmatched by any windshield maker worldwide.

Quantum hardcoated polycarbonate is the material of choice for serious motorcycle riders. It is 10X more abrasion resistant than FMR hardcoated polycarbonate, and 30X more than windscreens made from commonly used acrylic or "aircraft plastic".

Heavy Duty Windshields are easy to install and are protected by a 3-Year Warranty against breakage!

National Cycle products are made in the U.S.A.
