

## **National Cycle Introduces New Comfort Bars for 2018-Current Honda® GL1800 Gold Wing**

**Maywood, IL** – Gold Wing riders – Stretch your legs and make yourselves comfortable! National Cycle has engineered the perfect set of Comfort Bars for your favorite style of highway pegs or footrests. Attach your footrests using the optional swivel-adjustable mounts, which allow upward, rearward or downward positioning. Or install your favorite 1.00" (24mm) clamp-on footpegs at any location best suited for you.

Our Comfort Bars are constructed from 1.00" (24mm) stainless steel tubing with an electropolished finish, or steel tubing with an e-coat and a black powdercoated finish. The sleek, tight-fitting design of the Comfort Bars makes them look like they belong on the Gold Wing – because they do!

There is no easier way to get comfortable than with National Cycle's Comfort Bars.

All mounting hardware is included, along with easy-to-follow installation instructions.
