

National Cycle's Extreme Adventure Gear for the 2019-23 Honda® CB500X N5400 Headlight Guard

Maywood, IL – National Cycle's new line of Extreme Adventure Gear provides the best in rugged, superbly designed accessories for adventure bike owners, whether riding far off the beaten path, or tarmac commuting and touring.

The N5400 Headlight Guard perfectly matches the contours of the 2019-current CB500X headlight. This guard is thermoformed to fit the headlight exactly and is attached to the headlight using marine-grade Velcro®. Crystal clear optics will not distort or reduce light beam. It virtually disappears when installed.

Formed from tough 3.0mm polycarbonate with National Cycle's exclusive Quantum® hardcoat for 10X more strength and 30X more scratch resistance than fragile acrylic guards.

Protect your expensive headlight with a guard that's tougher than what the mean old world throws at it. The choice is clear!

The Headlight Guard is easy to install and is protected by a 3-Year Warranty against breakage!
