

National Cycle's Sport Luggage Rack for the 2018-23 Yamaha® MT-07

Maywood, IL – Joining National Cycle's line of VStream® Windscreens for the 2018-23 Yamaha MT-07 is their new Sport Luggage Rack. This rugged and superbly designed accessory is perfect for short-distance commuting or long-distance touring.

This steel Luggage Rack is E-coated for long-term rust prevention and then powdercoated in a textured black finish.

When riding far from home, riders should bring basic emergency gear – first aid, tools, rain gear, etc. – but how are they going to carry it?

National Cycle's new P9305 Sport Luggage Rack for the MT-07 answers that question. It's easy to install and offers a sturdy platform for a big duffel bag or motorcycle tail bag. Multiple integrated tie-down points will hold a rider's gear securely.

Now when MT-07 riders plan a short or long trip, they can bring along the necessary backup.

P9305 Sport Luggage Rack; MT-07 Retail: \$269.95

National Cycle products are made in the U.S.A.

About National Cycle:

Since 1937, National Cycle has been the world's premiere designer and manufacturer of OEM and aftermarket windshields for motorcycles, scooters and ATV/UTVs, as well as other quality motorcycle accessories. As the pioneering developer of hardcoated polycarbonate for motorcycle windshields, National Cycle is always on the forefront in enhancing the motorcyclist's riding experience.
