

FOR IMMEDIATE RELEASE

ZTechnik's Popular K1600GT/GTL VStream® Windscreens Verified Fitment for the New BMW K1600B and Grand America

Maywood, IL – ZTechnik® VStream® Windscreens for the K1600GT/GTL are verified fitments for the new K1600B, as well as the 2018 K1600 Grand America. Available in two heights, both will offer substantially improved wind protection and riding comfort compared to OEM or other aftermarket windscreens.

VStream gets its name from its unique patented shape. The advanced "V" profile and dimensional contours push the wind vortex out and away from the rider's helmet, resulting in a peaceful, quiet riding environment.

ZTechnik makes VStream Windscreens from tough hardcoated polycarbonate. This high quality material, along with state-of-the-art manufacturing techniques, provides outstanding clarity and strength characteristics unmatched by any windscreen maker worldwide.

Hardcoated polycarbonate is the material of choice for serious motorcycle riders. Polycarbonate has impact resistance 20X greater than windscreens on the market made from commonly used acrylic or "aircraft plastic".

All polycarbonate windscreens from ZTechnik are protected by a 3-Year Warranty against breakage.

Z2463	VStream® Touring Windscreen; Clear; H: 21.25"	Retail: \$259.95
Z2464	VStream® Tall Touring Windscreen; Clear; H: 23.00"	Retail: \$279.95

ZTechnik products are made in the U.S.A.

About ZTechnik:

ZTechnik® is a brand created by National Cycle, Inc. that specializes in high quality motorcycle accessories designed exclusively for BMW Motorcycles. The name itself is from the German "Zubehör Technik," which translates to "technical accessories" in English. The ZTechnik philosophy is to closely follow design principles established by the original equipment designers, produce only the highest quality parts possible, and enhance the rider's total experience.
