

## **ZTechnik's Popular VStream® Windscreens Now Available for 2021 BMW® R1250RT Models**

**Maywood, IL** – ZTechnik continues their VStream® Windscreen support for the BMW R1250RT with the new 2021 model. While the stock screen does an admirable job, the patented VStream design is the ultimate windscreen contour for long distance touring comfort. VStream gets its name from its unique, patented shape and the dimensional contours molded into the screen.

VStream Windscreens are made from tough Quantum® hardcoated polycarbonate, the choice of serious long-distance riders worldwide. This material provides 30X more scratch resistance and 20X greater crack and impact resistance than other aftermarket windscreens on the market made from commonly used acrylic or "aircraft plastic".

This high quality material, along with state-of-the-art manufacturing techniques, provides outstanding clarity and strength characteristics unmatched by any windscreen maker in the world.

All ZTechnik Windscreens are protected with a 3-Year Warranty against breakage.

Z2348	VStream® Touring Windscreen; Clear; H: 25.75"	Retail \$239.95
Z2349	VStream® Tall Touring Windscreen; Clear; H: 28.00"	Retail \$264.95

ZTechnik products are made in the U.S.A.

### About ZTechnik:

ZTechnik® is a brand created by National Cycle, Inc. that specializes in high quality motorcycle accessories designed exclusively for BMW Motorcycles. The name itself is from the German "Zubehör Technik," which translates to "technical accessories" in English. The ZTechnik philosophy is to closely follow design principles established by the original equipment designers, produce only the highest quality parts possible, and enhance the rider's total experience.
