

FOR IMMEDIATE RELEASE

ZTechnik's Introduces Windscreen Stabilizer Kit for the R1200GS/Adventure

Maywood, IL – ZTechnik's new Z5220 Windscreen Stabilizer Kit adds strength and support to the OEM windshield mount arms on 2013 and later BMW® R1200GS and R1200GS Adventure motorcycles.

R1200GS riders have been looking for something to keep their windscreens from vibrating and wobbling on the OEM windscreen mounts. ZTechnik's Z5220 Windscreen Stabilizer Kit is the answer.

Use ZTechnik's Stabilizer Kit with ZTechnik's Windscreens, OEM Windscreens and other aftermarket windscreens currently available. ZTechnik recommends it as a "must have" for their tallest VStream Windscreen, the Z2488.

The Stabilizer Kit installs easily and is fully compatible with the OEM windscreen height adjust hardware. Simply loosen the two Stabilizer knobs, adjust the windscreen like you normally do, re-tighten the two knobs, and off you go!

Z5220 ZTechnik® Windscreen Stabilizer Kit
Fits 2013-Current BMW R1200GS with LED headlight
Retail \$74.95

ZTechnik products are made in the U.S.A.

About ZTechnik:

ZTechnik® is a brand created by National Cycle, Inc. that specializes in high quality motorcycle accessories designed exclusively for BMW Motorcycles. The name itself is from the German "Zubehör Technik," which translates to "technical accessories" in English. The ZTechnik philosophy is to closely follow design principles established by the original equipment designers, produce only the highest quality parts possible, and enhance the rider's total experience.
